

## Women and War Work

**Where You May Serve.**  
Red Cross headquarters open all day.  
United Presbyterian unit meets for work at church.

The Tuesday book club is said to hold the record for service to the Red Cross. The organization has some of the best women clubs which dispense with the program of study in favor of war work and the 20 members have been among the most faithful to date noted. The club's record is one of 10 months of service and with few exceptions every member devotes each Tuesday afternoon of the week to work units needed at Red Cross headquarters. Having finished in "hot" the club will resume its study beginning next week.

Today will see the work in the surgical dressing department of the Red Cross augmented and the department equipped with supplies. The work was ordered stopped, limitedately after the signing of the armistice but later instructions asked that a special order be filled and accordingly workers were called forward. The making of mosquito nets also resumed. Then there was much work in order to make up all materials on hand which has kept a small force of women busy ever since.

## Of Interest to Women

**DAILY THOUGHT.**  
Who shall lightly say that fame  
Is nothing but an empty name?  
While in that sound there is a charm  
The nerves to brace, the heart to  
warm,  
As thinking of the mighty dead,  
The young from slothful couch shall  
start,  
And vow, with lifted hands out-  
spread,  
Like them to act a noble part

most favorable criticism. Every-

## PERSHING EMPOWERED TO MAKE PROMOTIONS

**Baker Modifies Order Prohibiting  
Raising Officers' Rank Issued  
After Signing of Armistice.**

**WASHINGTON,** Jan. 30.—Secretary Baker has issued instructions modifying to a limited extent the blanket prohibition against promotion of officers promulgated by the war department immediately after the armistice was signed and which has been sharply criticized in Congress. Under the new policy contained in a memorandum dated January 25, addressed to General Marsh, chief of staff, and made public today, General Pershing is authorized to make such promotions as vacancies in the authorized strength of his command may permit and the same practice will be followed in the United States.

This relaxation of the rule with regard to promotions in the commandant said, "does not invite a departure from the principles hitherto established that promotions can not be made merely as a reward for past services, however meritorious. The rule is relaxed only to permit the army which remains undemobilized to be treated as a living organization with such promotions as would be normal in times of peace to fill vacancies existing or as they may arise."

The new policy applies up to and including the grade of colonel, and under it officers who are holding commands or details which should carry with them higher rank than the holders now have, will be advanced. This is to be accomplished in the army overseas even though there may be officers of proper rank for such positions. General Pershing being given specific authority to fill vacancies by promotion rather than transfer where in his judgment that course is wise. He is also directed to send home any surplus officers.

**Glenn and Derby Home.**

Richard Derby, a son-in-law of the late Theodore Roosevelt, were among officers arriving today on the transport Martha Washington. Colonel Derby went over in the medical corps with the rank of major. ## TEXAS LEGISLATURE WANTS PRIVATE RAIL OWNERSHIP

**AUSTIN,** Texas, Jan. 30.—The Texas legislature expressed itself as favoring return of railroads to private ownership as soon as possible when the house adopted a resolution to this effect today. A similar resolution had been adopted by the senate.

The house launched another probe by adopting a resolution providing for a full investigation of the state highway commission. The proposed investigation was brought on by debate on a measure to consolidate the highway commission with the railroad commission.

**PREFERS MAKING OWN WAY  
TO DEPENDENCY OF FATHER**

Testifying before Judge Martin in the superior court yesterday, 14-year-old Pearl Williams told the court that she preferred to work for her board and remain in the high school at Britton than for her father to be given her care and custody, even though he would place her in a boarding school and provide all these things for her.

The testimony was brought out in a hearing on the application of the defendant for a modification of the decree in the case of Halie Williams against John Williams, which was rendered two or three years ago in the superior court of Tulsa county and in which the plaintiff was granted a divorce and the care and custody of the three children.

The mother having married again and the father having gained a little

better foothold perhaps than he for-  
merly, he sought to come in now  
and take the children from the cus-  
tody of his former wife, alleging that  
they were not properly clothed and  
were abused by their step-father. On  
this point, both Pearl and the 12-  
year-old girl testified that they had  
plenty of clothes and were not treated  
as roughly by their step-father as  
they were formerly treated by their  
father. Both the girls testified  
that they were being sent to school  
regularly and that they did not want  
their father to be given their care  
and custody.

Denying the prayer of Williams,  
the court said that the children were being  
taken care of by their step-father and  
nothing to show that the father had  
failed to help provide for the children  
since the decree was rendered, nor  
was there anything now to prevent  
the father from assisting the girls in  
securing an education, which they so  
plainly manifested a desire to do.

## EASTERN STAR CELEBRATES FOURTEENTH ANNIVERSARY

An evening long to be remembered  
in Masonic circles of Tulsa was  
greatly enjoyed by the members  
Wednesday evening when Tulsa  
chapter No. 133, O. E. S., celebrated  
its 14th anniversary at Masonic hall.  
Entertainment in the nature of musical  
numbers was furnished by Miss

and a piano. The feature of the evening  
was a farce entitled "Female Mystery."  
The setting, the costumes and the  
mock ceremony kept the audience  
in an uproar of laughter. Several  
talks were rendered by officers of the

as follows: Florence Nixon, W. M.;

## MAY USE DRAFT BOARDS TO DEMOBILIZE TROOPS

**NEW YORK,** Jan. 30.—A plan to  
demobilize soldiers returned from  
France through local draft boards  
instead of discharging them direct  
from camps is being considered by  
the war department, according to  
Police Commissioner Enright, who  
made public today details of inter-  
views which he had last Monday  
with Secretary of War Baker and  
General Crowder, while Secretary  
Baker, who had decided against the  
plan when it was urged on a pre-  
vious occasion, promised to reconsider  
his decision.
